REVISED AMENDMENT

Sir:

This is in response to the "Notice of Non-Compliant Amendment" dated October 6, 2004.

The following amendment to the claims is identical to the original amendment mailed September 15, 2004, except claims 3 and 9 have been indicated to be "Currently Amended" instead of "re-presented in independent form."

Amendment to the Claims

Cancel Claims 1 and 2.

Claim 3 (currently amended). A toy animal having a body portion, head and tail, and four spring legs for supporting said animal, a shaft located transverse to said body portion and disposed adjacent the head and supporting an eccentrically mounted weight, a power operated switch controlled motor and drive assembly for said shaft, said motor is reversible to drive the eccentric weight in both a clockwise and counter-clockwise direction to set up different motions of the animal depending on the speed and direction in which the counter weight is moved
